ABOUT

The Main Stage Young Performers Apprentice program is geared towards performers interested in exploring voice, dance, and acting technique whether they wish to build their skills or simply enjoy performing with the company as a hobby. Apprentice performers are not required to have any prior training, just a strong work ethic and passion for the arts!

Apprentices work closely with the preprofessional performers, rehearsing with their corresponding age group, and, joining them throughout the year at a variety of community events and a recital annually. With a commitment of 1-2 weekly rehearsals throughout the year, this is an ideal track for a beginning to or intermediate performer.

Those wishing to be considering for the preprofessional company in the future can take advantage of optional rehearsals and performance projects as well as additional training opportunities.
